

ORDERING INFORMATION:

We are able to supply cutterheads for virtually any machine, in virtually any configuration. To help us in determining your needs, please have the following information available when calling or faxing.

- Make and model of machine.
- Cutting circle and body diameter.
- Length of cut.
- Number of knives or wings.
- Type of knives (i.e. corrugated, plain, etc.)
- Type of bore (i.e. Hydro-Loc™, Straight Bore).
- Bore size.
- Cutting angle or species being cut (dual cutting angle heads available).
